Star of Cartoon, I. M. Weasel.

Weasel does it again!

EXCLUSIVE

Dignified, patriotic, generous and brilliant with a deep manly voice to top it all off, I. M. Weasel gave a press conference yesterday after performing another heroic deed. "Oh, it was nothing." He said, brimming with charm.

I. M. Weasel has just the right combination of rumbling machismo and modest heroism to be a winner. He excels at everything he does - from acting to being the world's greatest engineer, a top surgeon, gardening expert or even an England centre forward. It seems there is nothing he can't do. Our reporter asked him how he was able to do all this stuff.

"I am Weasel." he declared - and how right he is.

Armed only with his intelligence and nobility, I. M. Weasel has just enough skill to succeed, just enough luck to always come out on top and just enough charm to make sure you love to see him in action. What a guy!

BABOON GROWS FUNNY VEGETABLE NOT SHAPED LIKE ELVIS!!

THE LUCKLESS I. R. BABOON

Was in trouble again yesterday after trying to pass himself off as a greater hero than star cartoon L. M. Weasel. Insanely jealous, Baboon constantly strives to out perform his benevolent nemesis but is always out done by his own amazing stupidity. I. R. Baboon's bumbling attempts to gain respectability are as impeded as his infantile speech pattern. His frustration is further compounded when when his hapless pursuit of praise and glory only serves to magnify the heroic status enjoyed by Weasel. So he won't be doing that pantless victory dance for some time, which is a relief for everyone. Despite all his faults, some people believe I. R. Baboon still possesses that endearing quality inherent in every lovable loser. These people are, of course, completely stark raving bonkers!

YOU WILL NEED

An egg cup, a hard boiled egg, cress seeds, cotton wool balls and some felt tip pens or poster paint.

Get an adult to slice the top off the egg and carefully scoop out the insides. I use Ms. Bellum but any responsible grown up will do.

Paint the faces carefully. I like mine to look like Cartoon Network stars. This one, for instance, is my Johnny Bravo cress-head! It's easy to cut the cress into the shape of Johnny's hair.

Place a cotton wool ball inside. Sprinkle cress seeds on top of it. Moisten it with water. Cover with another small piece of moist cotton wool and place on a windowsill. Moisten the cotton daily.

After a couple of days, the seeds should start to sprout. Remove the top layer to allow the cress hair to stand up straight.

NOTHING TO DO? THEN TRY THIS! YOU'LL NEVER COMPLAIN ABOUT BEING BORED AGAIN THAT'S FOR SURE, NOT ONCE YOU'VE TRIED MR. MAYOR'S CARTOON NETWORK CRESS HEADS!

And when you get bored of your cress-head, you can eat it. The cress that is, not the eggshell. That would be stupid and make you ill.

WELCOME TO MOJO JOJO'S ASTROLOGY PAGE. THIS PAGE, AND THIS PAGE ALONE, CONTAINS MY WORDS OF WISDOM AS I, MOJO JOJO, PREDICT YOUR FATE. THE FATE THAT I PREDICT IS YOURS. AS PREDICTED BY ME, MOJO JOJO. SO THERE!

CAPRICORN
DEC 22 - JAN 19

You are almost unlucky enough to be a Powerpuff Girls villain. With your birthday so close to Christmas, you always lose out. Get your own back and turn bad. Who cares if you're not on Santa's good list? Your birthday is so close to Christmas you need not care. You'll still get presents!

AQUARIUS
JAN 20 - FEB 18

A water sign. This means you're wet like a Powerpuff Girl. So you not deserve to have your fortune told by I, Mojo Jojo. But be assured, that if I were to tell you the fortune that is yours it would be a bad one, because it is I, Mojo Jojo, that would tell it to you.

PISCES
(FEB 19 - MARCH 20)

Pisces is the sign of the fish. Of the fish it is a sign. If I were the sign of the goat, it wouldn't be Pisces and your birthday would be on another day. Read not these words. These words are not for you. The words that are for you are somewhere else that isn't here. As a water sign you should learn to swim before it's too late.

ARIES
MARCH 21 - APRIL 19

This month is a bad month for trying to destroy the Powerpuff Girls, but a good month for plotting the destruction of the Powerpuff Girls. For destroying the Powerpuff Girls you will have to wait for another month. In the month that is now you may plot. Plot but not destroy is what you must do and, once you have finished plotting, you may gloat.

TAURUS
APRIL 20 - MAY 20

With Pluto in the house of Mickey now is the time to take stock of your relationships. Could it be that there is a wrongness that is not right in one of your relationships? A taking stock is what is needed. For it is a list of what is wrong and right in your relationships that will tell you what is wrong and allow you to take stock.

GEMINI
MAY 21 - JUNE 20

With the full moon in your house, it's going to prove very tricky to get up stairs. Because the moon that is full will take up a lot of space. If it was not a full moon but a half moon then you might have been able to squeeze round it, but it is not half full, it is full-full. And because it is full you will have to wait. Maybe you have a downstairs bathroom you can use in the meantime.

CANCER
JUNE 21 - JULY 22

Towards the end of the month you'll be on the bus. Just make sure it is not a taxi and chain as you are led into jail. And if it is, do not blame Mojo Jojo. I wasn't there. So take it on the chin. The chin on which it must be taken is yours not mine. Do your time like a good little villain.

LEO
JULY 23 - AUG 22

If you are a Powerpuff Girl and it is your birthday you will be in for a rotten year. Best not bother going out and fighting crime. Fighting crime is what you must not do. It will go badly for you. It is a bad idea. Stay in and do nothing and do not stop my plans.

VIRGO
AUG 23 - SEPT 22

Virgos demand perfection. Perfection is what they demand. This month, they should kidnap the Mayor and get the Powerpuff Girls to give up their powers for the safe return. This should be done with perfection. If it is not perfect, it is they who have failed and not I, Mojo Jojo.

LIBRA
SEPT 23 - OCT 22

This month, you must do! What is required is action of the action-kind. Swift and decisive it should be, for it is action and only action that will get you what you want. Not talking and waiting but action - and this action should be attacking the Powerpuff Girls!

SCORPIO
OCT 23 - NOV 21

After the 20th, you should create a giant mutant scorpion and send it into combat against the Powerpuff Girls. Once you have done this, you should probably leave town when I, Mojo Jojo, am created.

SAGITTARIUS
NOV 22 - DEC 21

If you are Sagittarius it is recommended that you read this horoscope. This is the last horoscope. If it was the first one, then it wouldn't be here. But now you have found it, it is the one you must read, unless you are not a Sagittarius, then you must read another horoscope.

CARTOON NETWORK™ POSTER

We fight crime, that's what we do!™

THE POWERPUFF GIRLS™

21ST CENTURY

The PlayStation 2 is now firmly established as the console to own. Since its release, we've been hard at work on your behalf playing the latest games, watching movies and checking out just how good the PS2 is. Just look at its specs and accessories!

DUAL SHOCK 2

The new controllers are more sensitive and interactive than ever. The pads have 256 levels of velocity to help gamer interaction.

JOYPAD PORTS

Two Dual Shock 2 controllers can be plugged in to the PS2 and, if a MultiTap is added to the mix, up to 8 people can play the games!

MEMORY CARD PORTS

You'll need new 8Mb memory cards to save and reload your games.

I-LINK FIREWIRE PORT

Eventually you'll be able to load images from digital cameras into games. This means you could load a photo of yourself into a game and see yourself playing on screen!

DVD PLAYBACK

The big bonus point for the PS2 is its ability to play DVDs. If you've not seen a DVD, be prepared to be blown away by the quality. It gives you the full cinematic experience in your own home!

GAMES

While there were not that many games released along with the PS2, over 250 are presently in development. Keep reading CN to find out which are the best!

INTERNET ACCESS

While not available right now, it will be by the end of the year. Not only will you be able to use the PS2 to surf the net with a 56K modem, when Broadband (a faster way of accessing the net) is more widely available, you'll be able to download movies directly from the web!

WIN! a PlayStation®2

LIKE THE SPECS? WELL, THERE'S A PS2 UP FOR GRABS. TO STAND A CHANCE OF WINNING THE COOLEST GAME CONSOLE EVER, JUST ANSWER THE FOLLOWING QUESTION:

Q: WHO MAKES THE PLAYSTATION 2?

Mark your entries PICK ME and send it to the address on page 3.

GAMING

TOP FIVE GAMES

5 GTA3
The original Grand Theft Auto game caused a storm of controversy when it was released on the PC. The PS2 version could do the same. It gives you a chance to break the law in the safety of your own home. The only flaw is you'll have to wait until September for it!

4 GRAN TURISMO 3
This could be *the* racing game to buy. With 150 cars to choose from and amazing lighting effects helping to make it frighteningly realistic, the game play goes for speed and skill. Best of all, it's out this month!

3 FINAL FANTASY X
The Final Fantasy series proved that role-playing can still work on consoles and FFX will be the first designed with the PS2 in mind. It promises more realistic visuals and tighter fight sequences. It should be out by the end of the year.

2 QUAKE III: ARENA
The first person shooter that started the craze will arrive in May. Fight your friends and, later in the year, go on-line for a real thrill-fest. It's a game of death for one or more players and could be the game to own!

1 HALF LIFE
You play Gordon Freeman, a man trapped in a devastated military base, hunted by aliens and... well, we don't want to give too much away but it combines top first person shooter action with cool twists and turns. It's due for release this June.

1 METAL GEAR SOLID 2
Already a classic even before it's release, MGS2 is one of the most eagerly awaited of all the PS2 releases. Combining high quality cinematic visuals with action-packed gameplay, it should bring out the best in the PS2 and is out this summer.
